---

## Personal Profile

I have recently completed my A-Level exams at Salesian Sixth Form, Chertsey, where I studied Mathematics, Computer Science and Physics. I am passionate about computer programming and hardware development, and endeavor to study Computer Science at the University of Birmingham, starting in October 2019. In addition, I have a profound interest and great knowledge of sports, particularly athletics (which I compete in regularly) and cycling. Furthermore, my part-time job as a classroom assistant has taught me the importance of working both as part of a team and tackling challenges as an individual.

---

## Key Skills

- Approachable and have a strong emphasis on academia, particularly mathematics
  - High attention to detail and very adaptable individual
  - Work well as both an individual and as a member of a team
  - Hard-working and capable of listening and liaising with others
  - Highly reliable individual
  - Great understanding of computers and other technological devices
  - Strong understanding of multiple programming languages, including Python, HTML, PHP, CSS and JavaScript
-

---

## Employment

June 2017 – Present

### Guards Polo Club, Windsor – Polo Goal Judge

Part-time role based outdoors on the polo pitches at Guards Polo Club. Main responsibilities included ensuring all equipment was present before a game, determining whether a goal had been scored and sometimes controlling the scoreboard.

January 2018 – October 2018

### Kumon Maths and English Study Centre, Egham – Classroom Assistant

Part-time role where I would assist the Kumon Instructor who would be running the session. Various duties that I was responsible for included marking work, helping the children with their work and ensuring a smooth transition between children entering and exiting a session.

---

## Work Experience

- |                         |   |
|-------------------------|---|
| <b>July 2018</b>        | <b>British Airways, Digital Operations Team</b> <ul style="list-style-type: none"><li>Spent a week with the team who manage BA's website, where I was able to gain an insight into the issues faced by a global corporation, including learning about the impact which data theft has had on their business.</li></ul>  |
| <b>June 2018</b>        | <b>Royal Holloway University, Department of Electronic Engineering</b> <ul style="list-style-type: none"><li>Completed a week's work experience in the new Electronic Engineering Department, whereby I had the opportunity to use equipment available to university students. Additionally, I was able to view current research projects, including a trial involving mobile phone networks.</li></ul> |
| <b>August 2016/2015</b> | <b>Windsor Horse Trials- Windsor Great Park</b> <ul style="list-style-type: none"><li>Work experience at the Windsor Horse Trials fixing equestrian jumps when the horses knocked them down and re-arranging the showjumping course at the end of each session.</li></ul>   |

---
